

DYSL CLUB (TOURNAMENT) SOCCER

So your player wants to take soccer to the next level? Consider DeSoto Select/Club Soccer which offers players the opportunity to practice at an advanced level and play at area tournaments.

PLAYING TO WIN

In Club Soccer the primary objective is to develop players into a winning team. This means advanced training, drills, activities to grow the player's ability. As players participate in practices they will be evaluated to determine skill, position, and capabilities. Depending on the number of players, skill level, and scheduling; all players may not attend all tournaments. Players which attend tournaments will see higher skilled players have more play time and players will generally be placed in positions which they excel and can support the team as a whole.

Each team has a maximum limit which can play at a tournament based on the age. 14 players for grades K-4 and 18 players for grades 5-8. Additionally, each age group can have multiple levels of skill and gender specific teams which can result in multiple teams for each age group.
